让探索成为空间的一部分。
将明黄色作为空间主调，搭配白色与木色，构建温暖活泼的儿童公共空间。

入口以房子造型形象墙建立品牌记忆；黄色斑马线引导动线，圆形元素柔化边界；各功能区开放连通，让孩子在自由穿行中探索、学习与成长。

Make exploration an integral part of the space. Bright yellow serves as the primary tone, complemented by white and wood accents, creating a warm and lively public space for children.

A house-shaped feature wall at the entrance establishes a memorable brand identity; a yellow "zebra crossing" guides the flow of movement, while circular elements soften the boundaries. The various functional zones are openly connected, allowing children to explore, learn, and grow as they move freely through the space.
